April 8, 2008

Dear potential vendor for the 2008 Lake Superior Energy Fair:

Thank you for your interest in participating in this year's energy fair to be held at Bayfront Festival Park on Saturday September 6<sup>th</sup> - 7<sup>th</sup>, 2008. In the past this has been a one day event. This year we are expanding to two days with no additional cost to our vendors. The Lake Superior Energy Association is a non-profit organization with the following mission:

The Lake Superior Energy Association is organized exclusively for charitable, scientific and educational purposes, more specifically: The Lake Superior Energy Association (LSEA) promotes renewable energy and energy efficiency with the goal towards sustainable living in the Western Lake Superior Region.

Our society is becoming increasingly concerned about the risks inherent in human caused climate change and other environmental threats created by the extraction, generation and consumption of traditional energy sources. Our mission is to help educate our attendees, vendors and sponsors about ways to reduce our greenhouse gas and other emissions. We hope you will join us in this effort. Please consider joining us for the fair. Please fill out the enclosed application as completely as possible and return soon but no later than August 15<sup>th</sup>. Thank you for your efforts. We look forward to seeing you at the fair.

Thank You

LSEA, Board of Directors  
Mary Roe, Lake Superior Energy Fair Coordinator
